EN Safety Information

- Keep the product and all its parts out of reach of small children.
- Do not attempt to open the product. This product does not contain any user serviceable parts. Unauthorized handling of the device may damage it and will void your rights to return.
- Keep the product away from sources of heat (e.g. direct sun-light), ignition, dust and water.This product is not waterproof.
- ⚠CAUTION:High Volume! Exposure to loud noise from any audio source for extended periods of time may a ect your hearing. Always keep the volume within reasonable limits.
- Limit the amount of time you use your device at high volume.
- Avoid turning up the volume to block out noisy surroundings.

- If you experience hearing discomfort, including the sensation of pressure or fullness in your ears, ringing in your ears, or muffled speech, you should stop using your headset or headphones.
- Your device is powered by a rechargeable battery. Unplug the charger from the electrical plug and the device when not in use.
- If left unused, a fully charged battery will lose its charge over time. We recommend a full charge twice a month to ensure battery integrity.
- Do not cover while charging. Charge in a well-ventilated environment.
- Please use the device under 0°C ~ 35°C and store it and its accessories under -20°C ~60°C. Extreme ambient temperatures may cause the device to malfunction.
- Do not leave the device in hot or cold places, such as in a closed car in summer or winter conditions and it will reduce the capacity and lifetime of the battery.
- Unplug the headphones from the source before cleaning.Do not use strong chemicals, cleaning agents to clean the device. Instead, use a clean, dry, and soft cloth to wipe them.
- Do not dispose of batteries in a fire as they may explode. Batteries may also explode if damaged. Follow regional disposal guidelines.
- Do not dispose of this device and its accessories as ordinary household waste.Please comply with the local laws and regulations on the handling of this device and its accessories and support recycling.
- If the product appears to be bulging or shows other undesirable phenomena (e.g. excess noise), stop using it immediately and contact customer services.
- Do not drop or impact this product.
- Battery restrictions from different airlines may vary, check for any restrictions with your travel operator before packing- up your product.
- Please contact seller directly for post-sale issues for quick solution. For escalation,please contact manufacturer Betrue to handle it.

Email:info@betrueco.com

Disposal and recycling information

This symbol on the product, battery, literature, or packaging means thatthe products and batteries should be taken to separate waste collection points designated by local authorities at the end of the lifespan. This will ensure that EEE waste is recycled and treated in a manner that conserves valuable materials and protects human health and the environment. For more information, please contact your local authorities, retailer, or household waste disposal service, or visit the website https://www.betrueco.com/

EU Regulatory Conformance

Hereby, Betrue Technology (Shenzhen) Company Limited. declares that this device SHB-ME00 is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU, EU REACH regulation, RoHS and Batteries (where included) directive.The most recent and valid version of the Doc (Declaration of Conformity) can be viewed at https://www.betrueco.com/certification/.
This device may be operated in all member states of the EU. Observe national and local regulations where the device is used. This device may be restricted for use, depending on the local network.
Frequency Bands and Power
Bluetooth: 2.402GHz-2.480GHz : <10 dBm.
RF Exposure Information
This device is a low-power radio transmitter and receiver. According to the recommendations of international standards, the design of the device does not exceed the radio wave exposure limits set by the relevant agencies

UK Regulatory Compliance

Hereby, Betrue Technology (Shenzhen) Company Limited. declares that this device SHB-ME00 is in compliance with the following Regulations: The Product Security and Telecommunications Infrastructure Regulations 2023, Radio Equipment Regulations 2017, The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012 and other relevant UK statutory requirements. The full text of the UK declaration of conformity, and most recent information about accessories & software are available at following internet address:https://www.betrueco.com/certification/.

The power delivered by the charger must be between min 4 Watts required by the radio equipment, and max 7.5 Watts in order to achieve the maximum charging speed (the box does not include the charger).

RU Информация о безопасности

- Храните изделие и все его части в недоступном для детей месте.
