

# Product Information Sheet

COMMISSION DELEGATED REGULATION (EU) 2019/2015 with regard to energy labelling of light sources

**Supplier's name or trade mark:** Govee

**Supplier's address:** Chen Bing, 1st Floor Newmarket House, Newmarket Square, The Coombe, Dublin 8, DUBLIN, Ireland, D08VAP9

**Model identifier:** H6603(strip light)

## Type of light source:

|                                                     |      |                                 |                            |
|-----------------------------------------------------|------|---------------------------------|----------------------------|
| Lighting technology used:                           | LED  | Non-directional or directional: | NDLS                       |
| Light source cap-type (or other electric interface) | -    |                                 |                            |
| Mains or non-mains:                                 | NMLS | Connected light source (CLS):   | No                         |
| Colour-tuneable light source:                       | Yes  | Envelope:                       | -                          |
| High luminance light source:                        | No   |                                 |                            |
| Anti-glare shield:                                  | No   | Dimmable:                       | Only with specific dimmers |

## Product parameters

| Parameter                                                                                                                                      | Value                | Parameter                                                                                                                                                  | Value                  |
|------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| <b>General product parameters:</b>                                                                                                             |                      |                                                                                                                                                            |                        |
| Energy consumption in on-mode (kWh/1000 h), rounded up to the nearest integer                                                                  | 60                   | Energy efficiency class                                                                                                                                    | G                      |
| Useful luminous flux ( $\phi_{use}$ ), indicating if it refers to the flux in a sphere (360°), in a wide cone (120°) or in a narrow cone (90°) | 270 in Sphere (360°) | Correlated colour temperature, rounded to the nearest 100 K, or the range of correlated colour temperatures, rounded to the nearest 100 K, that can be set | 2 200                  |
| On-mode power ( $P_{on}$ ), expressed in W                                                                                                     | 60,0                 | Standby power ( $P_{sb}$ ), expressed in W and rounded to the second decimal                                                                               | -                      |
| Networked standby power ( $P_{net}$ ) for CLS, expressed in W and rounded to the second decimal                                                | -                    | Colour rendering index, rounded to the nearest integer, or the range of CRI-values that can be set                                                         | 14                     |
| Outer dimensions without separate con-                                                                                                         | Height               | Spectral power distribution in the                                                                                                                         | See image in last page |
|                                                                                                                                                | Width                |                                                                                                                                                            |                        |

|                                                                                       |       |     |                                      |                |
|---------------------------------------------------------------------------------------|-------|-----|--------------------------------------|----------------|
| trol gear, lighting control parts and non-lighting control parts, if any (millimetre) | Depth | 4   | range 250 nm to 800 nm, at full-load |                |
| Claim of equivalent power <sup>(a)</sup>                                              |       | -   | If yes, equivalent power (W)         | -              |
|                                                                                       |       |     | Chromaticity coordinates (x and y)   | 0,502<br>0,415 |
| <b>Parameters for LED and OLED light sources:</b>                                     |       |     |                                      |                |
| R9 colour rendering index value                                                       |       | -91 | Survival factor                      | -              |
| the lumen maintenance factor                                                          |       | -   |                                      |                |

(a) : not applicable;

(b) : not applicable;

Model placed on the Union market from 01/07/2024.
